GENERAL DESCRIPTION

Summary A Certified Nursing assistant performs nursing procedures and patient care tasks as outlined by a patient's plan of care.

Physical Demands This job requires an employee to stand, talk and hear. There is frequent standing and walking, and occasionally a CNA is required to sit, bend, kneel, stoop or crouch. This position requires frequent use of hands and fingers and may require reaching in front or above shoulders, feeling or grasping. The employee will frequently lift up to 35 pounds, and occasionally move 100 pounds.

Work Environment Work is performed in the Hospice Alliance residential facility, patient homes, skilled nursing facilities or any other place that a patient calls home. There is a potential for exposure to animals, smoke, unpleasant odors and a vulnerability to contagious diseases or infections. If the CNA is hired to work in the field, this position requires frequent driving which may present danger in inclement weather.
