This training introduces dementia as a physical phenomenon, considers behaviors exhibited, and assesses honoring and managing problematic behavior with appropriate communication.

This NASW WI chapter approved CEU will be presented by Jo Ann Brown from Hospice Alliance in partnership with Golden Years.

The Management of Dementia seminar is appropriate for healthcare providers, and will include 1 social work CEU*. Space is limited and light refreshments will be provided.

Jo Ann Brown holds a master's degree in psychology from Emporia (KS) State University and a master's degree in social work from the University of Texas at Arlington. She is currently a social worker for Hospice Alliance, providing psychosocial services and support to patients and families experiencing issues related to end-of-life care.

*Attendees will receive 1 CEU approved by the National Association of Social Workers, Wisconsin Chapter
